KIWANIS ENJOY
TALK OF PRIEST

The Underprivileged Child formed the topic of an interesting talk given before the members of the local Kiwanis Club by Rev. Father C. E. Kennedy at their regular luncheon meeting last Tuesday. Father Kennedy besides being a parish priest has been active in social affairs of the community, served as a chaplain in the great war, and was a leader of the local Boy Scouts for some time. The local pastor has also been active in the social uplift of other places where he has been stationed and is an authority on the "boy problem."

Speaking from this extensive experience, Father Kennedy portrayed the classes into which children naturally fall, and showed the needs of one class, the underprivileged child, who from one reason or another is not receiving as many chances as the other children. The duty of the Kiwanis Club in aiding this type of children to better manhood and womanhood was stressed by the pastor, who also showed some local needs of the children, generally, which have not been attended to. A municipal swimming pool was one of the needs of Redwood City touched upon by Father Kennedy.

Following the talk by Father Kennedy, C. M. Dosses spoke concerning "Happilyland," the country camp for San Francisco, now being held in the hills back of town. At the suggestion of Mr. Dosses, it was decided that the club help make the vacation of the poor children sent by San Francisco to "Happilyland" a little happier, and action will be taken by the club immediately.

EDUCATORS ENROUTE EAST
VISIT POINTS OF INTEREST

Word was received this week from Roy W. Cloud, county superintendent of schools, who with the other delegates from California, is on his way to the National Educational Convention to be held next week in Washington, D. C. At the time of writing Mr. Cloud was in Arizona, and was expected to leave immediately for the Grand Canyon of the Colorado.

After visiting the Grand Canyon, delegates were to leave for Chicago, where a short stop over will be made. The convention in Washington will open tomorrow afternoon, and will continue until July 5. Two special coaches were provided for the delegates from California, and according to Mr. Cloud, the trip is proving a most enjoyable one.

Following the convention, Superintendent Cloud will visit several points of interest in the East and in Canada. Upon his return he will furnish the Times-Gazette with several articles upon his experiences and impressions of the East.

POPULAR YOUNG COUPLE
MARRIED HERE THURSDAY

At a simple wedding performed by Rev. C. E. Kennedy of Mt. Carmel Catholic church at nine o'clock Thursday morning, Miss Helen Maloney of this city and John Cullen of Menlo Park were united in marriage. The wedding was strictly private, only the near relatives of the parties being present. The bride is the daughter of Mr. and Mrs. W. A. Maloney of this city and was born and raised here, where she has many friends who wish her happiness. A short time ago she served as a president of Bonita Parlor N. D. G. W.

Cullen is the son of Mrs. Louise Cullen of San Francisco, and the late John Cullen of Menlo Park and is well known here. He follows the trade of a plumber.

Following the ceremony the young couple enjoyed a wedding breakfast in Redwood City and then left for their trip around the state. Upon their return they will occupy the home formerly belonging to the grandfather of the groom on Phelps street.

WILL NOT REPEAT
CHILDREN'S DAY PROGRAM

Because of the fact that so many children of the Congregational church are going out of town on vacation it was not thought advisable to repeat the Children's Day next Sunday, as was planned. The regular services of the church will be held instead.

CARD OF THANKS

The Redwood Nursery Company and the proprietors, N. Higaki and K. Inoue, wish to express their gratitude and thank to the fire department of Redwood City and to the many individuals who helped in fighting the fire which occurred in the nursery last Friday night. Your aid and assistance are deeply appreciated.

Let us Show You Our Mother Saving Devices

A. W. Grimmerstein, Redwood City

S. F. COUNTY TO SPEND A
MILLION DOLLARS IN
BUILDING HOSPITAL HERE

The board of supervisors of San Francisco is prepared to spend the sum of a million dollars on its new tubercular hospital site in the hills back of Redwood City. A modern hospital building is to be erected and the grounds around beautified and made attractive by large lawns and the planting of many varieties of shrubbery. These big expenditures means much to the county seat of San Mateo county, as a portion of the money is left here. The site consists of 300 acres. San Mateo county is a wonderful health resort. There are already a half dozen such hospitals as sponsored by the San Francisco supervisors in this county.

HIGHLAND RESIDENTS OPPOSE
CROWDING HOUSES ON LOT

The building of several small houses on one lot for the purpose of renting is not to the liking of the residents of Redwood Highlands, according to Mayor Henry Beeger. At a special meeting of the board of trustees held last Monday, stated that a number of residents of the Highlands district had urged him to have the board take some action to prevent the people building the so-called bungalow courts, several small houses on one lot. The protests were the result, said Beeger, of the proposed plans of the owner of some of the Highlands property to erect eight three-room houses on a lot and a half, situated at the corner of Hopkins avenue and Grand street. The matter was discussed by the board, and all members of that body expressed themselves of the opinion that the matter should receive immediate attention. The subject was, however, submitted to the Planning Commission, who will report upon it later.

REDWOOD CITY YOUTH
SAILS FOR PHILIPPINES

John Ryan, son of Mr. and Mrs. P. A. Ryan of this city sailed for Manila this week on the Steamer Delworth. The young man, who is a student at the Sequoia Union High School, will be in the islands for two, or three months, and expects to return in the fall. He is interested in the opening of the high school this fall.

SISTER OF EX-PUGILIST
ATTACKED IN HOME

Alleged to have attacked and brutally treated Miss Esther Corbett, sister of the ex-pugilist, Jim Corbett, and a resident of Belmont, where she lives with her sister, Mrs. John Boyde, Alex Howard is now in the county jail here awaiting the filing of information by the district attorney. The information will probably be filed against Howard immediately upon the return of the district attorney from San Diego, where he is attending the convention of district attorneys.

Howard was arrested on June 10 and placed in the jail here, no entry was made in the book, however, until the 21, and the whole matter was conducted with the greatest secrecy. Testimony given at a preliminary hearing of the case, and now on file in the office of the county clerk, reveals the atrocity of the crime.

Howard was boarding at the home of Mrs. Boyd and had been serving breakfast by Miss Corbett on the morning of June 6. Mrs. Boyd had gone to the city and had just left when Howard made the alleged attack upon Miss Corbett, stifling her screams with a pillow. The testimony given by Miss Corbett, told of her being choked and otherwise brutally used by Howard, who is said to be a man of powerful stature. She was left almost unconscious from the struggle and was not able to go after help until the return of her sister. Mrs. Boyd insisted upon the arrest of the man and filed the complaint.

TWENTY-FIVE YEARS AGO
From the Times-Gazette of
July 1, 1899.

The Fourth of July committee requests that no horses and buggies be taken on Main street on the Fourth. If there are any, the marshal will remove them. All persons are also cautioned not to throw firecrackers in the street during the procession. Great interest is centered in the horse team tournament and there will be farm contests for the prizes. San Jose, Santa Clara and Watsonville will send big delegations. The following compose the local team: M. H. Stafford, Martin Peterson, M. H. Thompson, D. R. Stafford, A. J. Stall, Carl Plump, H. C. Lovie, James Hedge, R. S. Chatham, Frank McNulty, Thomas Miller and Joe Dick. J. N. Winter, trainer.

ANNOUNCEMENT TO THE PUBLIC

We have opened a salesroom at 72 Broadway, where we will be pleased to give you an estimate on your painting and decorating requirements. We use only high grade materials, and employ first class workmen in our business and can therefore guarantee absolute satisfaction to all our customers. We are sole agents for the Martin Senour Company's 100% pure paints and varnishes and carry a full line of their products. We have a paint for every purpose—Monarch 100% pure paint, Martin's Varnishes 100% pure, Martin's Enamels, Neutone, Flat, Washable, Wall Paint, Woodwear Varnish Stain, Senour's Floor Paint, etc. Come in and talk over your paint problems with us—it may save you money and worry later on.

Faithfully yours,
THE PENINSULA PAINTERS

DID YOU EVER STOP
TO THINK
By E. R. Waite, Sec.
Shawnee, Okla. Board of Com.

THAT local newspapers are great boosters. THAT they boost the home city at every opportunity and in every way possible. THAT they boost the churches, the schools, the civic organizations and everything that promotes happiness for the welfare of the people.

THAT they boost for better streets for the city, better roads for the country. They know that good roads lessen the distance between the city and the country, make for better business and a better community. THAT they boost to promote friendliness and harmony between all of the people.

THAT they boost for a square deal for everyone in the home city. THAT they boost for better business—everything that helps to develop industry.

THAT they boost to bring to the home city new capital and new industries.

THAT they boost everything possible to help develop the natural resources surrounding their city, thus increasing payrolls and population.

EVERYBODY SHOULD BOOST THE NEWSPAPERS AND GIVE THEM HEARTY SUPPORT. THE MORE YOU BOOST YOUR NEWSPAPERS, THE MORE THEY CAN BOOST YOUR CITY. KEEP BOOSTING!

OAK KNOLL RESIDENT
DIES OF PNEUMONIA

An attack of pneumonia, from which he had been suffering for a week, resulted in the death last Wednesday of Charles Bird Parsons, retired marine engineer of the Oak Knoll district. The deceased had been a resident of this vicinity for the past year and a half, and during that time has taken a great interest in the affairs of St. Peter's Episcopal church. He is survived by his wife, Mrs. Emma Parsons of Oak Knoll, and two sisters, Miss Annie Parsons of Los Angeles and Mrs. Robert Bragg. Funeral services were held in St. Peter's church yesterday morning, and were conducted by the James Crowe Undertaking Company.

ATHERTON REALTOR GETS
SECOND JAIL SENTENCE

Evading the law in Atherton is not so easy as it might seem, at least that is the experience of George T. White, who endeavors to conduct a realty office in Atherton's residence section in opposition to the zoning ordinance. White was arrested about a month ago and found guilty of breaking the zoning ordinance, he was given the alternative of paying \$100 or going to jail for five days. He took the jail sentence but decided to pay the fine after a night spent in the county lodging house.

Again White was found to be violating the zoning ordinance, and was last Wednesday again arrested by Officer Collar and taken before Judge J. W. Clusen, who again gave him the alternative of paying \$100 or spending five days in jail. This time White has announced his intention of taking the matter to the California Supreme court and nullifying the whole system of Atherton's laws. He is now out on a writ of habeas corpus.

LOS ANGELES CO. BOASTS
MOST PRIMITIVE
WATER SUPPLY

Engineers of the Hydraulic Division of the Railroad Commission recently discovered, during their inspections, the most primitive water supply system serving any community in California in the town of Chicaquita, Los Angeles County, which is entirely inhabited by Mexican families, who are employed in the orange groves in the vicinity. Each family or group of two or three families, constructs an underground cistern which is usually built of cobbles (which abound in that section) and lined with cement. Water is obtained from a pumping plant and ditch system which is operated once a week. The cisterns are filled with water and are of sufficient capacity to supply the consumers for a week's time. Water is dipped from the cistern by the old-fashioned method of a bucket at the end of a rope. There are 100 families in the neighborhood, who obtain their domestic water supply in this manner.

AEROPLANE MAIL
LOCAL SCHEDULE

Full information concerning the aeroplane mail service to be inaugurated by the government on July 1 was received by Postmaster Duesel Thursday, together with a schedule of rates and times. The service will be between San Francisco and New York, and for the purpose of zoning, the country has been divided into three parts. The first zone is between San Francisco and Cheyenne; the second between Cheyenne and Chicago; the third between Chicago and New York.

A rate of 8 cents for each ounce or fraction of ounce in the first zone, 16 cents in the second zone, and 24 cents in the third zone. Any kind of mailable matter will be received, including packages. A limit of 50 pounds, however, is set on packages, and the cubical length and girth must be less than 84 inches.

Special stamps are being distributed to the various postoffices for use in the airmail service; ordinary stamps, however, will be accepted for postage in the aeroplane mail. Packages must be marked "aeroplane mail."

City Briefs

A baby boy was born to Mrs. J. J. Morris last Wednesday in the Palo Alto hospital. Both mother and baby are reported to be doing nicely. Before her marriage, Mrs. Morris was Miss Pearl George, daughter of Mr. and Mrs. Fred George of this city.

Mr. and Mrs. Jack Reynolds are the proud parents of a baby boy born last Wednesday. This is the second child in the Reynolds home, the first being a girl.

Two girls were born last Wednesday evening to Mr. and Mrs. William Shoeliss at the Palo Alto hospital.

Mr. and Mrs. John Hall and family of Mrs. Hall's brother, Orville Baldwin in San Francisco last Wednesday evening. The ceremony was performed in the Calvary Presbyterian church and was followed by a reception in the Rose room of the Palace hotel.

Word was received here this week of the birth in San Francisco of a baby boy born to Mr. and Mrs. D. P. Flynn of San Francisco. The proud father is a brother of D. M. Flynn of this city, and a former Redwood City resident.

Mr. and Mrs. Charles Gould of Clinton street are enjoying a visit from their daughter and family, Mr. and Mrs. A. Ashford and sons, Edward and Wayne of Lemoore.

Mrs. Carrie Yearian and daughter, Carol, are spending the summer in Rio Nido on the Russian river.

Miss Frances Ryan of this city and her cousin, Miss Alice Murphy, are spending two weeks in Yosemite.

WIND and SUN take the pleasure out of your vacation, whether you spend it at the seaside or in the mountains. Prepare for the emergency by taking a bottle of GYPSY CREAM with you. It is an antiseptic, healing lotion for SUN BURN and HEAT RASH, and is equally effective for IVY POISON or MOTH ITCH, and any other skin eruption. Price 50c

SEQUOIA ALUMNI
ELECT OFFICERS

Election of the officers of the Sequoia Alumni Association took place at the annual banquet of the association held last Saturday evening in the new high school. Alfred Robertson was chosen president, Oscar Olson, vice-president, and Theodore Thompson, secretary and treasurer.

Representatives of every class graduated from the school, were present, and the new idea of having the members of each class at a separate table proved an interesting one, as some of those present had not met since leaving school.

Clyde Higgins, president of the association, acted as toastmaster, and introduced the several speakers. Principal A. C. Argo, John Gill and Miss Boyle, of the high school, County Superintendent Roy W. Cloud and Jack Kellogg, president of the graduating class each gave a practical and interesting talk. Refreshments were served under the direction of Miss Irma Pollett of the class of '23. Dancing in the pavilion of the school followed the banquet.

Menlo Citizen
Dies Suddenly

Stricken suddenly Monday with paralysis while visiting in San Jose, Edward Lawler of Menlo Park passed away Tuesday at the Palo Alto hospital without having regained consciousness. Born and raised in Menlo Park, Mr. Lawler was one of the best known men of that vicinity, and his many friends were severely shocked to learn of his untimely passing.

The deceased was 47 years of age and is survived by four children: Andrew, Elena, Edward and Peter Lawler, and three sisters, Mrs. William Peely, Mrs. James Hoff and Mrs. William Towle. His wife, who was a sister of Mrs. Charles Lockyer of this city, passed away several years ago. Andrew Lawler, the father of the deceased, was one of the pioneer residents of Menlo Park, having settled there more than sixty years ago. The family has occupied the same house during all that time.

Friends attended the funeral Thursday from all portions of the county and packed the Church of the Nativity, where a mass was celebrated, to the doors. Six old-time friends of the deceased, Frank Roach, Peter Laroc, George Casey, Con. Maloney, John Moroy and Ed. Moriarty acted as pall bearers. Interment was in Holy Cross cemetery in Menlo Park. The funeral was conducted by Layne & Tinney of this city.

MAN ARRESTED HERE
HELD AS S. F. FIEHD

Frank Spel, arrested Wednesday afternoon by Officer McAuliffe, is being held here as the fiend who for some time past has been beating young girls in San Francisco into insensibility and leaving them. Suspicion fell on Spel, when a report was sent to the sheriff's office that a man had followed an eleven-year-old girl of the Oak Knoll district about town on Tuesday and had tried to force her candy and in other ways force his attentions upon her. The girl however, was afraid of him and managed to escape.

The sheriff's office began at once to search for the man answering the description given by the girl, and on Wednesday, Officer McAuliffe found Spel on the highway and arrested him on a charge of vagrancy. Spel was lodged in the jail, and the girl summoned. She picked him out from the other prisoners immediately and identified him as the man who had bothered her the day before.

Spel was given a preliminary hearing Thursday, and pleaded not guilty. He will be heard next Wednesday at 2 o'clock. So far he has not given any satisfactory explanation of his actions or his whereabouts for some months past. The San Francisco authorities have asked for the prisoner when this county is finished with him, and he will probably be charged with the fifteen crimes committed by him in San Francisco by the mysterious fiend, of whom the police of the city have been searching for several months.

THOUSANDS TO ATTEND
MEMORIAL PARK OPENING

Plans for the opening of the Memorial Park are nearing completion, and the opening next Friday bids fair to be one of the outstanding events in the history of the county. Elaborate plans have been made and much actual work accomplished by the committee of the American Legion, which has been getting the park ready for the big occasion.

Camping sites have been laid off, brush has been cleared out, electric lights have been installed, a band has been secured and the Alpine road has been repaired and is in good condition to accommodate the hundreds of machines which will make their way to the park on July 4th.

The band of Halfmoon Bay has been secured to play, and dancing platform has been erected. Music and dancing there will be in abundance, and a large order of meat will be on hand for a record barbecue to feed the thousands who it is expected will attend. Many, it is understood are planning on camping in the park for three days.

During all three days the American Legion will have a large number of concessions on the park and all manner of things will be on sale. The proceeds will be for the benefit of the Legion, and to help defray the expenses of preparing the park.

BIG GAME PROMISED
ON LOCAL DIAMOND

That tomorrow's game of baseball will be one of the best of the season is the prediction of the ball fans of the community. The local league has held the attention of the local ball enthusiasts for several weeks, and tomorrow's game will be the best so far played. The Ford Motors, who have showed themselves to be a rattling good team by keeping at the head of the league throughout the season, will meet the Diamond Tires, who have maintained a score only one less than the leading team.

The game last Sunday resulted in a victory for the Diamond Tires over the National Magnetics with a score of 6 to 5. The standing of the league at present is as follows:

	Won	Lost
Ford Motors	4	0
Diamond Tires	4	1
National Magnetics	1	4
Woodsliders	0	4

PENINSULAR CHAMBER OF
COMMERCE MEETS IN
SAN MATEO TUESDAY

A meeting of the Peninsula Chamber of Commerce, successor to the Peninsula Bureau of Chambers of Commerce, met in the chambers of the Three Cities Chamber of Commerce in San Mateo last Tuesday evening for an important session. The meeting was well attended and representatives of practically all parts of the peninsula were present. An extensive program of peninsula improvement was considered by the meeting. This program includes extensive advertising of the peninsula, expediting construction on the Bay Shore road and other proposed highways of the county; encouraging the building of the proposed bridge across the bay; dredging of the bay opposite South San Francisco, where at present a sand bar interrupts traffic along the bay; greater activity in home building; survey of hotel conditions on the peninsula; betterment of irrigation facilities; and other matters of general interest.

One of the novel features of the meeting was the consideration of a plan to dam the southern end of San Francisco bay, and pump out the salt water so that the reservoir thus formed, might be used as a storage for fresh water that now enters the bay from several streams.

The formation of a commuters club, for the purpose of creating greater interest among the men who live on the peninsula, but work in the city, in the affairs of the peninsula, was considered. A committee of five was appointed by President Morel of the organization.

A campaign of highway beautification was also launched at this time and the elimination of the unsightly bill boards will be considered in this connection.

PERMITS GRANTED FOR
TWENTY-FOUR DWELLINGS

That building in Redwood City has taken a decided upward curve is indicated by the number of requests for building permits received by Building Inspector Drathman. Thus far in June permits have been issued for the erection of 24 new dwellings. Besides these permits there have been an unusually large number of permits for remodeling buildings and for the addition of rooms to buildings already built. The following permits have been issued for new dwellings:

W. H. Krebs, Jefferson Acres; J. Arata, Redwood street; J. B. Balcomb, Oakwood street; J. B. Balcomb, Oakwood street; P. J. Christiansen, Eastern Addition; John Capella, Brewster street; Katherine Gittings, Oak avenue; A. E. Mackintosh, Highway; Geo. Balliet, Woodrow street; F. Pagaldi, Oak Knoll; T. C. Dinman, Jefferson avenue; Leonard & Holt, Hillside avenue; A. Bertolucci, Phelps street; D. Cline, Phelps; D. Cline, Phelps; P. J. Meenan, Hillside street; G. Visconti, Vera avenue; J. L. Hallett, Warren street; Thomas Price, Roosevelt avenue; George Balliet, Woodrow; George Balliet, Woodrow; George Balliet, Woodrow; O. L. Buckow, King street; H. J. Lenney, Hudson street.

A total of \$74,065 is represented in the permits issued thus far in June.

LOCAL DRUGGIST MEETS
WITH STRANGE ACCIDENT

P. A. Ryan, local druggist met with a strange and painful accident last Tuesday afternoon which may confine him to his bed for several months. Ryan was waiting on a customer, and was stooping down to take some articles out of the show case, when his left leg suddenly gave way under him and he fell to the floor in great pain. He was hurried home and medical aid summoned.

From an examination, it appears that the cartilage of the leg had broken. No reason for the unfortunate occurrence has been found, however. According to latest reports, the druggist may not be able to walk for several months. He suffers great pain in the injured member.

COASTSIDE PIONEER GOES
TO LAST REST

Death overtook Otto Behn, prominent rancher of the coastside of the county, last Wednesday after an illness of many months duration. The deceased was a native of Germany and was 83 years of age. For Purlissm cemetery.

PETITION DUANE
STREET EXTENSION

A petition having as its object the extension of Duane street in the Highlands through a part of Wellesley Park to connect with Oakdale and Arlington road in Wellesley Park was presented to the board of trustees of Redwood City last Monday evening at a special meeting of the board. The petition was presented by Caswell Sweet of Wellesley Park, and bore the signatures of practically all of the property owners of Wellesley Park, and many of the residents of the Highlands.

At present Wellesley Park has only one entrance between the county road and Ashley avenue, a distance of a mile. This one entrance is Woodstock Place, which is half a mile from each end of the Park. Duane street is separated from Arlington road by only the depth of a city block, and if opened up would serve as one of the main connecting links between the two subdivisions.

The cost of the street, including the purchase of the property is estimated at about \$6,000. To cover this the petitioners ask that an assessment district be formed embracing all of the property between the county road and Woodstock Place and between Finger lane and Hopkins street in the Highlands. A graduated scale of assessment is proposed, which would put the heaviest assessment upon the property owners nearest the street, and therefore deriving the greatest benefit from the improvement. Assessments ranging from \$5 to \$25 are proposed.

The petition was received by the board, and will be referred to the City Planning Commission who will report upon the question at a later meeting.

WOODSIDE DISTRICT NEWS:
SERIOUS FIRE ALERT

What threatened for a time to be a serious fire, started the other morning, in the dry grass of the Abecasis pasture, and soon spread into the Little Forest, home of Dr. Ross. The blaze was first discovered by an employee of Nat Messer, who believed that he could handle the situation alone. After working to the point of exhaustion, and seeing the fire spreading in ever increasing circles, he sent out a desperate call for help which was responded to by our local fire-fighters and also by the city fire department. With this assistance the fire was soon put under control.

The prune crop of this district will be affected by the lack of winter rains. Although the prunes set well in the spring the trees are beginning to show the effect of the drought and some growers are thinning the prunes in order that those that are left may be matured.

The officials in charge of mosquito control visited Woodside last week with their tank of oil, but found very few water holes requiring their attention.

Mrs. Harold Allen, formerly of Woodside, visited her friends here on Wednesday last.

Mr. and Mrs. Mervyn McArthur have moved into their cabin here for the summer.

Miss Phyllis Kroeck of Redwood City is spending the summer with her aunt, Mrs. J. L. Ross, Jr.

Miss Eleanor Fleishacker is attending the summer school at Stanford university.

James Wilkie has leased the Ocularte cottage and will move into it within the next week.

Thomas Stewart is the newest recruit to the ranks of the radio fans. The local school building is being renovated in preparation for the next term of school.

Ladwig von Savoye has just purchased a new touring car and complete camping equipment of latest design. Now he is busily studying road maps trying to determine where to go.

The past 52 years he has lived on his ranch near Tunitas. One daughter, Mrs. Emma Sunderland, and two sons, Henry and George Behn, survive.

The funeral of the old pioneer took place yesterday from his late home at Tunitas. Interment was in many and was 83 years of age. For Purlissm cemetery.

You Know You're Right With
A Checking Account

WHY keep rolling dice to determine your financial resources, when a Checking Account in this Bank will give you money assurance? You have the facts at your finger tips when you use checks, why gamble? You're insured against theft, you always know possibilities, and you have your money when and where you want it. We'll be glad to help you with your problem.

SATURDAY, JUNE 28, 1924.

A CENTURY AND A HALF

BEFORE this paper appears again upon the streets, this nation will have celebrated the one hundred and forty eighth anniversary of the signing of the Declaration of Independence. One hundred and forty-eight years ago, next Friday, the wisest and bravest men of the American colonies gathered around the table where lay the document which was, more than any other man-made work to typify freedom and liberty. They assembled as representatives of that small and insignificant strip of land bordering on the Atlantic ocean, a country which even his Georgian majesty spared small thought upon, except at tax time. And yet today the land which they founded stands as the one outstanding figure in world affairs; stands as the symbol of liberty wherever tyranny and oppression are known. The framers of the Declaration placed power and government in the hands of the people. Whether that trust was well placed, let the last century and a half prove. Democracy is a proven principle, and the man who first conceived of a nation of men ruled by themselves and each a sovereign power in the affairs of his country, had a vision. That vision has been realized. The Fourth means more than the birthday of a great nation; it stands as the starting point of a principle which has succeeded and bids fair to sweep the world.

SERVICE

THIS week an aviator breakfasted in New York, flew to San Francisco and had supper in the city by the Golden Gate. Less than seventy years ago hundreds of immigrants were making the same trip, a journey of months. The aeroplane has taken the place of the ox team, and time is now reckoned in minutes, instead of months. Today a train leaves Los Angeles, and within a few hours stops in San Francisco, yet not so many years ago, Charles Dana tells of making the same trip in a sailing ship and being four weeks on the way. In the days of the pony express a letter from New York to California arrived here about a month after it was mailed, yet now the radio brings the speeches of the Democratic convention to California; one word being heard here before the next is spoken in New York. The material progress of the human race has been far beyond the wildest dreams of Jules Verne or Maundeville. In all this change, however, certain fixed principals have stood, like rocks in running tide, and stand today as they stood in the dawn of history, a rule and guide of all action. Christ said, "He who would lead must be servant of all." That is the keynote of present day affairs. Service, and service alone should be the platform upon which men should be selected for office. Words have in all ages been used to cover up, instead of to express motives, and today in New York, the same maneuvers are taking place which caused Hamlet to exclaim, "Words, words, words." Service, however, is the only claim that can ever stand the test of public opinion. Service will win.

BEAUTIFY THE HIGHWAY

WE remember an unsightly vacant lot on the corner of Washington and Center streets, where dry grass and old newspaper united to make the appearance anything but beautiful. In a few months' time George Hopkins, Redwood City's municipal gardener, has transformed this lot into a veritable park. The bank along the creek has been lined with bushes and the dirty creek hidden from sight, and California Square, which a few months ago was a mass of grass and weeds, is now a clean and beautiful park. Such is the work of a competent gardener. His contribution to the appearance of the town is worth many times his salary. With these improvements before us and realizing the difference that a few flowers and well kept parks have made in the looks of Redwood City, we again venture to suggest that steps should be taken to improve the highway. Flowering shrubs planted along each side of the highway would improve the appearance a hundred fold, and be of far greater value to the town than the cost of planting and maintaining them. Other towns have seen the value of improving the sides of the roads along which the tourist travel is greatest. This would, we believe, be a decided asset to Redwood City.

A NEW SPIRIT HAS COME TO REDWOOD CITY

TO explain fully and exactly just what that spirit is, is, seems beyond the possibility of any spoken words. It is something that is and will be explained best by its achievements—by what it does. To one man it may be one thing. To another it will mean something else. To the community as a whole it will be judged, appreciated and considered by what is per-

forms best. Whatever definition may result as these opinions or ideas may be, the sentiment expressed can be naught but good. Kiwanis is founded upon those principles which, properly practiced, are resultant in no other form than of actions commendable.

The Kiwanis motto is, "We Build." It builds in friendship, business uprightness, efficiency and civic morality. It is service to society. How that service is rendered, what the nature of it, how given and how thoroughly resultant, depends entirely upon the caliber of the personnel enrolled for that service.

Kiwanis has been said to be largely "a state of mind." A sentiment to be acquired by those who enroll under its standard. A proper functioning of a real Kiwanis Club depends upon the number of Kiwanians there are in the units, not Kiwanis members, but genuine Kiwanians. Real Kiwanians represent that virile, progressive thinking element within the ranks of our International organization who have been jointly successful in building the ever-growing monument of Kiwanis in our western hemisphere. The degree of benefit which Redwood City will receive from Kiwanis depends on the number of such real Kiwanians within its unit.

What good Kiwanis can accomplish in its every way here in Redwood City depends entirely upon how well its spirit becomes imbued in the minds and hearts of those local men who are listed as its members.

Runnymede

News of Interest

Over 200 people enjoyed the community picnic at Kendall Dell Saturday. A barbecue and races, ball game and dancing were features of the program.

Arrangements are in the hands of the chamber of commerce for the fire protection to be given by the Mendocino fire engine which is soon to be brought to this district which will be known as Fire District No. 4. A. Radovoy is to be fire chief and the chemical engine is to be housed on Manhattan street in a building to be built by Hans Larsen and rented to the fire district.

Mr. and Mrs. Jack Taylor, the latter a sister of Mrs. A. E. Gravestock, visited at the Gravestock home, and left for Monrovia Saturday. Their son, Emerson Taylor of San Mateo, was also a visitor at the Gravestock home for the week end.

Mrs. James Honeyman and her mother, Mrs. P. Dipple, and Mrs. Ena Honeyman passed Sunday in San Francisco.

Mr. and Mrs. Joe. White and baby daughter are enjoying a few days' visit with their Runnymede relatives.

Mr. and Mrs. Albert Hansen, the owner's father, Simon Hansen, and later, Louise, and Mr. and Mrs. T. H. Duke, passed the day at Santa Cruz on Friday.

Mrs. Ray Leeper of Modesto is here for a visit with his sister, Mrs. S. W. Hull.

Alice Tootsch returned from a week's visit in the city Saturday, bringing her little friend, Evelyn Henize home with her for a week's stay at her home in Runnymede.

Mr. and Mrs. J. B. Maynard, J. Hilkin and his sister, Mar, motored to Los Gatos to the Pageant Friday evening.

Mr. and Mrs. E. M. Barnby have sold their property on Walnut street to Mr. and Mrs. J. K. Walther of Navato, who, have come to take possession. The Barnbys have moved to the Olsen cottage in Runnymede Park.

Mr. and Mrs. Chas. Crowther of Beaumont, California, the former a nephew of Frank Crowther, visited at their home on their way to British Columbia for a camping trip of two months.

Mrs. A. C. Matteson and sister, Mrs. George Clark, are passing a few days visiting in Oakland this week.

Mrs. Lawrence Faber and Mrs. A. E. Albertson were visiting in San Francisco Tuesday.

T. W. Duke left Monday for Fresno, where he will be interested in church missionary work.

Miss Isabel Rines of Benicia spent a couple of days with Mrs. Amos Davis this week.

Chas. Wolverton motored to Pacific Grove Sunday.

Mr. and Mrs. L. Sericano of Redwood City visited at the A. E. Marinelli home Saturday evening.

Ralph Drullman was in San Francisco for the day, Sunday.

IMAGINE TEN MILLION FORD CARS IN PARADE

They're off. Ten million Ford cars in one parade.

With Ford No. 10,000,000 on its way across the United States on the Lincoln Highway, a genius for figures who has worked out the matter of staging a parade of the entire 10,000,000 Model T Fords.

Here's the way he figures it. The road selected is 24,840 miles long circling the earth at the equator. He parks the Fords in one place at the side of the road, sets a pace of twenty miles an hour for the parade and starts the cars at intervals of thirty seconds.

Drivers are to have an eight-hour lay the same as that enjoyed by all Ford employees and are, of course, to have Sundays, Christmas, New Year's and Fourth of July off.

If you were inclined to watch such a parade and would remain until the last car passed, you'd have a stick at your place along the line for thirty-two and a half years on sixty-seven times before the last.

With all the Fords remaining in line, it wouldn't be long before you would find yourself in the center of whirling corkscrew of cars, and as the genius has already figured it, you remained to the finish, and were observant, you probably would

RE-ELECT

JOHN McBAIN
Incumbent

SUPERVISOR

THIRD TOWNSHIP

The man with a record that speaks for itself.

SCIENCE PROLONGS HUMAN LIFE

Will the men and women of tomorrow be still hale and hearty after they have passed the century mark? If we may judge by the ever increasing span of the average human life, we may safely assume that they will.

Science explains that the normal length of all animal life is ten times the number of years required to reach maturity. This would make the average length of human life one hundred and fifty years. And with the rapid progress made in prolonging human life, the time when a man of one hundred years will be still conducting his business is not far distant.

In the extending of life's span, it is the little things that count. Min-

or ailments must be caught and checked; and considerable importance is attached to the matter of proper nutrition and personal hygiene. Instruction in these subjects is now given in the school room; and in many instances schools have established clinics where youngsters receive frequent and regular physical examinations.

Clubs, health centers and similar organizations have carried this work into the home; and one of the outstanding results is the increasing use of ice as a means of food preservation. It is pointed out by authorities that ice not only prevents many forms of illness by keeping foodstuffs fresh and wholesome, but likewise assures the maximum amount of nourishment from the food consumed.

In cases where foodstuffs are not kept on ice, much of its nutriment is lost through bacterial action long before it exhibits the usual signs of spoiling.

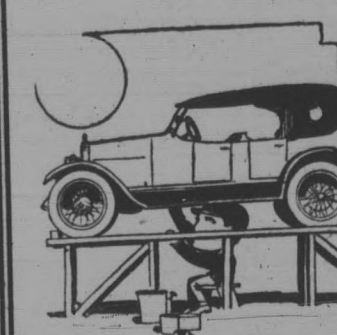

"He who runs, may read"—but you never saw him doing it.

If you are too busy to take time off for thinking and playing, you are too busy for your job.

A mosquito's bite does more harm than a lion's roar.

Milk is fine

Only when it's chilled!

Physicians all agree that fresh milk is the best food for babies—provided it is kept absolutely pure and wholesome. They also agree that milk cannot be kept wholesome in a temperature warmer than 50 degrees. Dr. W. A. Evans, health expert of Chicago, says ice is a necessity in every home where there is a bottle-fed baby. The doctor knows! Heed his advice. Keep your milk in the cold, safe temperature of a well-filled refrigerator!

NOTICE TO CREDITORS
In the Superior Court of the State of California, in and for the County of San Mateo.

No. 5291
In the Matter of the Estate of HONORABLE KING, deceased.
Notice is hereby given by the undersigned, Mary A. Granger, administratrix of the Estate of Honorable KING, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, within the time herein specified, in the office of the Superior Court of the State of California, in and for the County of San Mateo, to exhibit the same, with the necessary vouchers, within ten (10) months after the first publication of this notice, to the said administratrix at the office of Messrs. Ross & Ross, First National Bank Bldg., Redwood City, California, the same being the place for the transaction of the business of said estate in the County of San Mateo, State of California.

Dated this 26th day of June, A. D. 1924.
MARY A. GRANGER, Administratrix of the Estate of Honorable KING, deceased.
ROSS & ROSS, Attorneys for Administratrix.
First publication in Times-Gazette, June 28, 1924; last publication, July 26, 1924.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.
In the Matter of the Estate of GEORGE FERRIER VINCENT, also known as GEORGE FERRIER VINCENT, deceased.
First publication in Times-Gazette, June 28, 1924; last publication, July 26, 1924.

ORDER TO SHOW CAUSE
CLARENCE VINCENT, Administratrix of the estate of George Ferrier Vincent, deceased, having filed herein his petition, duly verified by affidavit, praying for an order of this Court authorizing, empowering, and directing him, as such Administratrix, to mortgage the real property of said deceased, therein, and hereinafter described, for the purpose set forth in said petition, and it appearing that it will be of advantage to said estate that said mortgage be made.

IT IS ORDERED by the Court, that all persons interested in the estate of George Ferrier Vincent, also known as GEORGE FERRIER VINCENT, deceased, do appear before this Court on the 7th day of August, 1924, at the hour of 10 o'clock, in the forenoon of said day, then and there to show cause, if any they have, why the real property of said estate, described below, or some part thereof, should not be mortgaged for the sum of \$1,000.00 as prayed for in the petition of CLARENCE VINCENT, the Administratrix, this day filed, or for such lesser amount as to the Court shall seem meet. Reference is made to said petition for further particulars. Said real estate, the property to be mortgaged, is situated in the County of San Mateo, State of California, and is more particularly described as follows, to-wit:

LOT Numbered Thirteen (13), as the same is designated and delineated upon that certain Map entitled, "Subdivisions of 1153 Acre Tract, near Menlo Park, known as the 'Dominga Tract', filed November 15th, 1895, in the Office of the County Recorder of the County of San Mateo, State of California, in Book 'B', page 49, of Original Maps, and copied into Map Book 2, page 75, and reference is hereby made to said Map and the second thereof, for a more particular description of said real estate.

IT IS FURTHER ORDERED, that this Order to Show Cause be published once a week for four successive weeks before the day of hearing in the "Times-Gazette," a newspaper of general circulation, printed and published in said County of San Mateo, State of California. Dated: 25th day of June, 1924.
GEO. H. BUCK,
Judge of said Superior Court.
First publication in Times-Gazette, June 28, 1924; last publication July 26, 1924.

NEWS OF MENLO PARK

The water question, which is now agitating the people of this community, was last Friday evening discussed at a meeting of the Menlo Park Improvement Association last Friday evening. Many speakers were present but all admitted that they were not sufficiently informed to give an intelligent opinion. It could be seen from the remarks of the various speakers, however, that the purchase of the Bear Gulch Water Company by a local team did not altogether meet with favor. President Calhoun appointed the following committee to make a thorough investigation: J. H. Sullivan, Mr. Scott and J. Cooper. A representative of the proponents of the proposition addressed the association last evening, giving an outline of what was proposed to be done in taking of the Bear Gulch properties.

The territory sought to be annexed to Atherton and for which election will be held next month, was in a big portion of the Quilley tract. Among the residents of the district, who will become residents of Atherton are: Robert Moore, Senator S. M. Shortridge, David Buckley, Stephen Nurseries, Mrs. Sander Pullman, Mr. Dunphy, Mrs. B. T. Lacey.

John Keenan, brother of Peter Keenan of Atherton, passed away in New York on Saturday last of pneumonia. He was a marine engineer running out of New York on the big liners. For many years he was an engineer on the Oriental steamers plying between San Francisco and Japan.

Senator Samuel M. Shortridge will arrive home from Washington in about three weeks. He will leave New York after adjournment of the Democratic convention as a guest of John D. Spreckels on board his yacht and come by way of the Panama canal to San Francisco where he will be met by friends.

The great sum of \$17,000 was the proceeds of the gymkhana and circus held last Saturday. In this sum is included the money received for votes for the queen, the sale of an automobile and the gate receipts. The money will be used for the convalescent home for the children of the circus. The success of the affair is due to the untiring efforts of the workers in arranging the details and program.

The old Kuck building on Oak Grove avenue that is being removed to the rear of the hotel property is an old land mark having been erected in the sixties by

REDWOOD CITY.

the late Richard Kuck. The first shoe-making shop in Menlo Park was established in it by the late Frank Parker. Later the business was taken over by the late Dennis Casey. The old structure has seen better days for in times gone by, it was a pretentious building, but it has lost its usefulness and must be relegated to the background.

Mr. and Mrs. George Harry Mendell are passing the week with the Frederick Sharrons at Menlo Park. Miss Marcella, daughter of Mr. Mendell, plans to take a summer course this vacation, preparatory to entering the State Teachers' College at San Jose. Miss Smith was graduated last week from Notre Dame Academy at San Jose. Miss Smith is a talented musician.

Charles J. Schenkel, a resident of Menlo Park for some years, passed away at a Belmont sanitarium, Wednesday after a long and lingering illness. He bore his suffering with true Christian fortitude, and with a brave heart. Mr. Schenkel was born in San Francisco about fifty years ago and at an early age became a painter, which occupation he followed here for many years with considerable success. Mr. Schenkel was well liked and esteemed by all who knew him. The funeral took place yesterday from the Church of the Nativity. Interment was in Holy Cross cemetery. A large cortege followed the remains to their last resting place. The deceased is survived by a wife and three children.

Mr. and Mrs. John MacBain are guests at Gilroy Hot Springs, where they will remain for several days.

Edward Reiter, wife and two children, are motoring in the northern part of the state, and will be absent for two weeks. E. W. Carson and family of San Luis Obispo, cousins of the Reiters, are occupying the residence on Oak Grove avenue.

Mr. Crawford has sold the Menlo theatre to Mr. Gordon of Oakland, an experienced moving picture operator. Mr. Crawford leaves for Mexico in a short time. The local playhouse is to be renovated and new fixtures installed.

News reached here yesterday that work on the Dumbarton bridge would be inaugurated very soon as nearly all the money had been subscribed. This will be good tidings for the people of Menlo Park who have yearned for the coming of the bridge. Much development is expected here when the construction begins.
